

## Index to Bulletins 211 – 220

- Absorption spectrum , sodium - with a white Lumiled 212 9
- Accident with a pinhole camera 212 2
- Air rifles - gas cartridge 211 8
- Assessing risks 213 2
- Audacity - adopt an audacious approach to the study of sound 218 2
- Audacity - more experiments 219 12
- "Biuret Reagent, A safer" 214 3
- Buchanan filter - an aid to filtering protoplasts 216 10
- Cabomba - A reliable alternative to *Elodea*? 215 10
- Catalase - enzyme investigation using 211 12
- Chemiluminescence 216 9
- Chromatography - Griffin Paper Electrophoresis Kit 212 3
- "Compost formation, Investigating" 213 10
- "Contacts at SSERC, Core Partners & CPD Projects" 215 4
- CPD Grant awards - Editorial 214 1
- CPD News - Scottish Technicians' Consultative Conference 2006 219 11
- CPD news - Supporting Scottish Science Education 218 6
- CPD News - update - ISE 5-14 through CPD draws to a close 219 8
- Crystal growth & Liesegang rings 212 6
- Dangerous Substances & Explosive Atmospheres Regulations 2002 (DSEAR) 213 8
- Data projectors & whiteboards - a risk to eyesight? 214 5
- Educational organisation - a managerial approach 211 1
- Electric circuit model using water 217 4
- Electric circuit model using water 217 4
- Electric writing 219 7
- Electronics S1/S2 212 8
- Environmental Measurement - market survey of inexpensive Eco-meters 216 11
- Enzyme investigation using catalase 211 12
- Equilibrium and Le Châtelier 219 8
- Experimenting with LSD and a prism 216 6
- "Filtering protoplasts, an aid to - the Buchanan filter" 216 10
- Fixed wiring colours have changed 211 9
- Forensics 217 8
- Gas-cartridge air rifles 211 8
- Haemocytometers - Let's count 212 11
- Half-life demonstrations 218 8
- Half-life demonstrations 218 8
- Hero's engine explosion 212 3
- Invisible writing 216 8
- "Is science uncool?, Cigarette Smoking Machines - position statement" 218 1
- It's a' geek tae me! 212 1
- "Lab safety guide, revised" 216 12
- LCD Projectors - Technician Guidance Sheet 214 4
- Let's count 212 11
- Life begins in Fife 216 1
- Life begins in Fife 216 1

Life begins? 215 1  
"Lost sources, Alas more" 215 7  
"LSD and a prism, experimenting with" 216 6  
New COSHH Guidance 215  
Not proven - Chemistry lesson disaster sees school in the dock 213 7  
Oscillating reaction 216 7  
Phosphate test - using ammonium molybdate 217 7  
Photosynthesis Kit (SAPS) - use of algal balls to investigate photosynthesis 219 2  
"Pinhole camera, accident with" 212 2  
Planning Spreadsheet 212 5  
Prism experiments 216 2  
"Projectors, LCD - Technician Guidance Sheet" 215  
"Protoplasts, an aid to filtering - the Buchanan filter" 216 10  
"PVA polymer, Science investigations with" 214 6  
Radiant heaters 219 8  
Radiation News 214 3  
Radioactivity - Safety guidance on 211 2  
Reasonably practicable 213 6  
Retirals 217 1  
Revised lab safety guide 216 12  
Revisiting useful friends - now even cheaper - Prestige autoclaves offer 219 5  
"Risk assessment sample, Heating water with a Bunsen (Wordfile)" 213  
"Risk assessment sample, soldering (Wordfile)" 213  
"Risks, assessing" 213 2  
Running a low-pressure glass-envelope mercury-vapour lamp (Wordfile) 213  
S1/S2 Electronics 212 8  
Safety guidance on radioactivity 211 2  
SafetyNet surfaces 217  
SafetyNet surfaces 217 1  
"SafetyNet surfaces!, Retirals" 217 1  
SAPS Photosynthesis Kit - use of algal balls to investigate photosynthesis 219 2  
SAPS Photosynthesis Kit - use of algal balls to investigate photosynthesis 219 2  
Security of radioactive holdings 217 5  
Security of radioactive holdings 217 5  
Smoking machines 217 9  
Smoking machines 217 9  
Smoking machines 217 9  
Smoking machines - SSERC position statement 218 1  
Smoking machines - SSERC position statement 218 1  
Socket-outlet testers 211 12  
Sodium absorption spectrum with a white Lumiled 212 9  
Technology Enhanced Science Teaching (TEST) DVD 219 8  
Use of Prestige Medical Automatic Autoclaves for media sterilisation 216 5  
Using computers safely - forthcoming guidance 213 9  
WEEE & RoHS Regulations - disposal of electrical & electronic goods 217 2  
WEEE & ROHS Regulations - disposal of electrical & electronic goods 217 2  
Whiteboards & data projectors - a risk to eyesight? 214 5

Wiring colours (fixed) have changed 211 9  
Wiring plugs - banned
