

Home page for an art lover

There are significant hazards associated with some activities in Art and Design. SSERC welcomes health and safety enquiries from Art and Design practitioners.

Indeed much of our existing advice is appropriate to the subject. We have a number of relevant risk assessments in our Whole School and Technology sections and many of the chemicals used are in our Hazardous Chemicals pages.

What we have lacked is a web resource that makes this guidance easily accessible to teaching and support staff in Art and Design. We are delighted to report that SSERC is currently working with a representative from the National Society for Education in Art and Design to remedy this. Look out for updates in future bulletins and on our website news section.

The SSERC Bulletin is published by SSERC 1-3 Pitreavie Court South Pitreavie Business Park Dunfermline KY11 8UU
