

Storytelling sessions with The3engineers

STEM Ambassadors in Scotland are collaborating with The3engineers to bring Scout's adventures into your classroom!

The3engineers are STEM Ambassadors who have written books about Scout and aim to inspire young people in STEM. During the sessions, they read the books, talk about their experiences and answer questions. These sessions are ideal for P1 to P4. This is all done via Teams Live, sign up for the sessions on the right.

STEM Ambassador in Scotland Week 2024

The STEM Ambassadors Team at SSERC recently held their annual 'STEM Ambassadors in Scotland Week' to celebrate the accomplishments of Scottish STEM Ambassadors and give them tools to volunteer successfully in the coming year.

There was an incredible response from STEM Ambassadors across social media, many highlighting successful activities and their desire to volunteer. Search **#SAISWeek2024** to find out more about Scottish STEM Ambassador, and it could inspire your next STEM activity in your classroom.

The3engineers storytelling sessions

- **World Bee Day**, 20 May 2024, 9.15-9.45am: The Adventures of Scout, The Missing Bees, [sign up here](#).
- **National Upcycling Day**, 24 June 2024, 9.15-9.45am: The Adventures of Scout, Animal Rescue, [sign-up here](#).

Online information sessions

Over 100 Scottish STEM Ambassadors attended online info-sessions with a wide variety of local partners, including MCR Pathways, Tech She Can, Maths Week Scotland, Research Experiences and Placements, Daydream Believers, Institution of Civil Engineers, Institute of Physics, ScotlandIS Digital Critical Friends, and I'm a Scientist, Get me out of here!

To request a STEM Ambassador for an activity with your class, register via [STEM Learning](#) as an educator. You can then browse pre-existing offers from STEM Ambassadors or create a new activity post to advertise directly to ambassadors. For more information, please visit the STEM Learning website here: [Request a STEM Ambassador](#). <<

I VOLUNTEERED

Between 1st February 2023 and 1st February 2024, I volunteered to help inspire Scotland's next generation in STEM.

Catherine Gemmell @cathgem2000 · Feb 5

Thanks to @STEMAmbassadors for my lovely certificate today!

I love volunteering as a #STEMAmbassador - it has given me so many awesome opportunities to engage with my local community using my @mcsuk knowledge and skills.

Anyone else a #STEMAmbassador?

#SAISWeek2024
