

Sphero Mini: tiny tech, endless STEM learning

Get started learning STEM in the classroom with the **Sphero Mini Education Pack**. Sphero Mini packs tons of fun and learning into a tiny, app-enabled robotic ball. At an entry-level price point, this tabletop bot is perfect for all students and learning spaces.

The Sphero Mini Education Pack has everything you need to get rolling and learning! This pack includes 16 clear Sphero Mini app-enabled robotic balls, bumper covers, mini traffic cones, bowling pins, construction sets, and activity cards that help expand playtime and imagination in STEM learning.

KEY FEATURES AND BENEFITS

Teeny tiny tech

Packed with teeny tiny tech, Sphero Mini has a little gyroscope, accelerometer, and LED lights. With almost an hour of playtime, your students will have the room to stretch their imagination—all while having fun learning!

Step-by-step learning

Learn the fundamentals of STEM and coding with mini traffic cones, bowling pins, construction sets, and step-by-step activity cards with STEM-inspired challenges and games.

Program three ways

Using the Sphero Edu app, program your Mini using draw and drive commands, Scratch blocks, or even JavaScript text programming.

Free lesson plans

The Sphero Edu app offers thousands of free lesson plans, so you can get rolling quickly. <<
