

SSERC professional development courses

Our professional development courses range from twilight events, day-courses through to residential meetings lasting up to 6 days in total. Our curriculum coverage spans both primary and secondary sectors and we offer events for teachers as part of their career long professional learning, newly qualified teachers and technicians. Many of our events receive funding from the ENTHUSE awards scheme or the Scottish Government.

Courses available for online booking at this time include:

SSERC Year Planner

We have recently published our Year Planner for the period 1st April 2017 to the 31st March 2018.

Copies of the Year Planner have been sent to schools and colleges in SSERC membership. Additional copies can be requested through sts@sserc.org.uk.
